## Vietnam

### Rice Price - Weekly

#### Situation for the week ending December 14, 2012

**Approved By:**

Michael Ward

**Prepared By:**

Quan Tran

**Report Highlights:**

Vietnamese exporters continued lowering their rice quotes last week due to weak demand and to compete with other exporting countries. Correspondingly, local paddy prices also dropped last week, mainly due to poor export demand amid the ongoing peak harvest of the Summer-Winter crop in the Mekong River Delta.
